

NOW AVAILABLE.....

FROM NATIONAL INSURANCE SPECIALISTS
and THE HARTFORD.....

EMPLOYMENT PRACTICES LIABILITY INSURANCE (EPLI)

THE MOST SOUGHT AFTER COVERAGE IN THE MARKET PLACE TODAY

National Insurance Specialists would like to provide you with important information about a "must have" coverage for your business operations.

The need for this coverage is increasing twice fold in the market place today due to the slow economy and the rise of unemployment. The EEOC has actually increased their staff to handle all the increased claims currently being filed. *"This type of coverage is more important than ever !"*

We are including a brochure for your overview and explanation as to ***"WHY YOU NEED AND SHOULD CONSIDER OBTAINING THIS COVERAGE."***

Many carriers are only offering a small \$50,000 limit. With the cost of attorney fees today, this is a very insignificant limit and would not begin to protect your business, let alone address any settlement to the employee that has filed the complaint.

National Insurance Specialists is offering a generous \$1,000,000 Limit.

You do not need to be a current client, nor do you need to wait until your upcoming renewal to obtain this coverage. If you have less than 30 employees, it takes only **two easy steps to obtain a quote:**

- **Contact National Insurance Specialists at 888-489-7165**
 - **Provide:**
 - **your current GL Sales/Receipts Values**
 - **# of employees (full time/part time)**
- Or....you may complete a general application on line by visiting
www.NISRENTALINSURANCE.COM

We look forward to assisting you with your insurance needs. Please give us a call.
