

ProRental™ Insurance Program

WHAT RENTAL INSURANCE IS REALLY ABOUT

It's about keeping your employees healthy and getting them back to work quickly after an injury. It's about keeping you in business and financially whole when your building burns down or gets flooded, or gets burglarized. It's about keeping your drivers and trucks on the road...safely. This insurance program is all about helping you be successful.

We understand the frustrations a Rental Equipment Operator has when it comes to fraudulent or suspect claims. Whether it is bad from the beginning or begins to rot as time goes by, EPIC is your advocate to ensure the right settlement is achieved—be it denied or a fair deal is reached.

To ensure that claims adjuster speed and responsiveness to you are in play, we apply appropriate pressure during the process to bring about a favorable result. To keep the adjusters current with the state of the rental industry, we meet quarterly with the CRA Insurance Claims Review Committee.

The combined experience of adjusters, EPIC, and Rental Equipment Operators gives us a decided edge in getting a just claims decision.

The ProRental™ Insurance Program

Our ProRental™ service team, led by Gayle Fritzberg (27 years with EPIC/Jenkins) who is supported by a service team of 10 people, providing delivery backbone to the program. This is a powerful combination of skill and experience.

MATTHEW DAVIS
